# PROVIDER DIRECTORY

### **This directory provides a list of your plan's network providers.**

This directory is for the plans listed on the cover. It is not a complete list of network providers available to you. You can search for a network provider online, which is updated weekly and available 24 hours a day, 7 days a week.

This directory is current as of **September 1, 2016**. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members.

There are approximately 25391 primary care providers, 39973 specialists and 220 hospitals in your network.

**For the most up-to-date information about the plan's network providers in your area:**

Visit [www.UHCMedicareSolutions.com](http://www.UHCMedicareSolutions.com) or call the Customer Service Department toll-free at **1-800-711-0646**, 8 a.m. - 8 p.m. local time, 7 days a week. TTY users should call **711**.

---

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract. Enrollment in the plan depends on the plan's contract renewal with Medicare.

Providers are prohibited from discriminating against any member, with regard to quality of service or accessibility of services, on the basis of race, ethnicity, national origin, religion, sex, age, mental or physical disability or medical condition, sexual orientation, claims experience, medical history, evidence of insurability, disability, genetic information, or source of payment.

This information is available for free in other languages. Please call Customer Service toll-free at the number listed above.

Esta información está disponible sin costo en otros idiomas. Llame gratis a nuestro Servicio al Cliente al número indicado arriba.

This document may be available in an alternate format such as Braille, larger print or audio. Please call Customer Service at the toll-free phone number listed above.

The provider network may change at any time. You will receive notice when necessary.

## Section 1

# INTRODUCTION

This directory provides a list of the plan's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

### What is a primary care provider?

A primary care provider (PCP) is the doctor who may see you on a regular basis as your main doctor.

Your PCP can help you:

- Make smart lifestyle choices to help improve and maintain your health
- Get preventive care and health screenings
- Better understand your medical conditions
- Coordinate any specialist care to help avoid duplicate and expensive tests. Your plan may require your PCP to coordinate any specialist care you receive
- Manage your prescriptions and identify possible harmful interactions

### How to choose a primary care provider (PCP)

You will have to choose one of our network providers to be your primary care provider (PCP). PCPs are listed in the **Primary Care Provider** section of this directory. The term PCP will be used throughout this directory.

If you choose a PCP who is not taking new patients, we may assign you to a different PCP. If this happens, you can switch to another PCP who is accepting new patients.

Your PCP plays an important role in your health care and we want you to be comfortable with the provider you choose. If you want to switch providers, call Customer Service toll-free at **1-800-711-0646**, 8 a.m. - 8 p.m. local time, 7 days a week. TTY users should call **711**.

The "network providers" listed in this directory have agreed to provide you with your health care coverage. You can see a network specialist without getting a referral. If you have been going to one network provider, you are not required to continue going to that same provider. Check your Evidence of Coverage to make sure your plan includes additional benefits or that you've signed up for optional supplemental riders before making appointments for dental, vision or hearing services.

### If I need emergency or urgent care

A **medical emergency** is when you, or any other ordinary person with an average knowledge of health and medicine, believe that you have symptoms that require immediate medical care to prevent death, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. Emergency care can always be obtained in or out of the service area from the nearest available provider. Emergency services are also covered whether a provider is in our network or not. You or someone else should call and tell us about your emergency care, usually within 48 hours.

**Urgently needed care** is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. If you need urgent care when in the service area, you must use plan providers for urgent care. When out of the service area, urgent care may be obtained from the first available provider whether the provider is in our network or not. In addition, when out of the service area, you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare nor your Plan will be responsible for the costs.

### **If you get a bill**

There may be times when you get a bill from a provider for the full cost of medical care you have received. In many cases, you should send this bill to us instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

### **If you're on Medicare and Medicaid**

If you're a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, co-pays or co-insurance for Medicare-covered services, except for Part D prescription drug co-pays. Please show your member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you're billed for the correct amount.

### **Accessing your mental health benefits**

To access your mental health benefits, call the toll-free mental health number on your member ID card. When you call, a representative will check your eligibility and get basic information about you and your situation. Depending on the help you need, a clinician may talk with you and recommend a provider and treatment plan. If you prefer, your PCP may call and arrange a referral for you. Your personal information will be kept strictly confidential.

### **Organ transplant services**

Your plan has a nationwide network of facilities that perform organ transplants (including the heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a facility that is currently Medicare-approved for your specific type of transplant. The complete list of your plan's facilities that are approved by Medicare may change throughout the year. For information on network facilities for transplant services, please call Customer Service toll-free at **1-800-711-0646**, TTY **711**.

### **What is the service area for your plan?**

Your service area is listed below.

### **How do you find network providers in your area?**

Network providers in your area are listed in the following sections of this directory. To find a provider using this directory, turn to the Table of Contents on the next page and see where each section begins. Go to the section of the type of provider you are looking for. Once you are in that section, locate the city you live in. Under each city you will find a list of providers in alphabetical order.

You may have more providers to choose from if the service area shown above is larger than the service area shown on the front of this directory. You can also search online at **[www.UHCMedicareSolutions.com](http://www.UHCMedicareSolutions.com)**, which is updated weekly and available 24 hours a day, 7 days a week.

If you have questions about your plan or require assistance in selecting a PCP, please call our Customer Service Department toll-free at **1-800-711-0646**, TTY **711**. Or visit **[www.UHCMedicareSolutions.com](http://www.UHCMedicareSolutions.com)**.

# DENTAL

## Make sure your plan includes dental coverage

Members whose plan includes additional dental benefits or who are enrolled in the Dental Platinum Rider may see the following dental providers. If your plan does not include additional dental benefits and you are not enrolled in this dental rider and you visit one of these providers, your services will not be covered.

Not all network dental providers may be included in this list. This list may change. For complete, up-to-date information, or to change your dental provider, contact UnitedHealthcare Customer Service at the toll-free number on the back of your member ID card. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

# VISION

## Vision care

Members whose benefits include additional vision care, such as preventative eye exams and eyewear, may see the following vision providers. Not all network vision providers may be included in this list. This list may change. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions.

**Note:** For Medicare-covered vision care (medical conditions of the eye, glaucoma screenings, cataract services, etc.), see the **Specialists** section of this directory.

If your plan does not include additional vision care benefits and you visit one of these providers, your services will not be covered.
