

**EnvisionRxPlus (PDP)**  
**2017 Comprehensive Formulary**  
**(List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION  
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission 17453, Version 9

This formulary was updated on 08/23/2016. For more recent information or other questions, please contact **EnvisionRxPlus** Member Services, at 1-866-250-2005 or, for TTY users, 711, 24 hours a day, 7 days a week, or visit [www.envisionrxplus.com](http://www.envisionrxplus.com).

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Envision Insurance Company. When it refers to “plan” or “our plan,” it means **EnvisionRxPlus**.

This document includes a list of the drugs (formulary) for our plan which is current as of August 23, 2016. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2017, and from time to time during the year.

This information is available for free in other languages. Please call our customer service number at 1-866-250-2005. TTY/TDD users call 711. We are available 24 hours a day, 7 days a week.

Esta información está disponible gratis en otras idiomas. Por favor llame nuestro servicio al cliente al número 1-866-250-2005. Los usuarios de TTY/TDD llama al 711. Estamos disponible 24 horas al día, 7 días de la semana.

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

## What is the EnvisionRxPlus Comprehensive Formulary?

A formulary is a list of covered drugs selected by **EnvisionRxPlus** in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. **EnvisionRxPlus** will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an **EnvisionRxPlus** network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 08/23/2016. To get updated information about the drugs covered by **EnvisionRxPlus**, please contact us. Our contact information appears on the front and back cover pages. If we make certain non-routine changes to coverage for drugs, we will send members an errata sheet to update the formulary they received.

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "cardiovascular agents". If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 36. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

## What are generic drugs?

**EnvisionRxPlus** covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** **EnvisionRxPlus** requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from **EnvisionRxPlus** before you fill your prescriptions. If you don't get approval, **EnvisionRxPlus** may not cover the drug.
- **Quantity Limits:** For certain drugs, **EnvisionRxPlus** limits the amount of the drug that **EnvisionRxPlus** will cover. For example, **EnvisionRxPlus** provides 240 tablets per 30-day per prescription for Tramadol. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, **EnvisionRxPlus** requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, **EnvisionRxPlus** may not cover Drug B unless you try Drug A first. If Drug A does not work for you, **EnvisionRxPlus** will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on-line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask **EnvisionRxPlus** to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the **EnvisionRxPlus** formulary?" on page iv for information about how to request an exception.

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

## What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that **EnvisionRxPlus** does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by **EnvisionRxPlus**. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by **EnvisionRxPlus**.
- You can ask **EnvisionRxPlus** to make an exception and cover your drug. See below for information about how to request an exception.

## How do I request an exception to the EnvisionRxPlus Formulary?

You can ask **EnvisionRxPlus** to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, **EnvisionRxPlus** limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, **EnvisionRxPlus** will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

If you are outside of your transition period, and experience a level of care change from one treatment setting to another (example: hospital to long-term care facility, hospital to home, home to long-term care facility, or hospice to non-hospice), upon notification of the change, we will cover up to a 30 day supply of medication in the retail setting and up to a 31 day supply in the long-term care facility for non-formulary Part D coverable medications (including those medications on the formulary but require a prior authorization, step therapy, or are subject to quantity limit restrictions).

### **For more information**

For more detailed information about your **EnvisionRxPlus** prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about **EnvisionRxPlus**, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

## EnvisionRxPlus Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by **EnvisionRxPlus**. If you have trouble finding your drug in the list, turn to the Index that begins on page 36.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if **EnvisionRxPlus** has any special requirements for coverage of your drug.

| Abbreviation /Symbol | Short Definition     | Explanation   |
|----------------------|----------------------|---|
| AM                   | Adherence medication | These medications currently include oral diabetic medications, some medications to treat high cholesterol and some medications to treat high blood pressure.  |
| B/D                  | Part B vs Part D     | This drug may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.   |
| HR                   | High Risk Medication | According to medical experts, these drugs may cause more side effects if you are 65 years of age or older. If you are taking one of these drugs, ask your doctor if there are safer options available. <b>These medications require prior authorization if you are 65 years of age or older.</b>        |
| LA                   | Limited Access       | This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 1-866-250-2005, 24 hours a day, 7 days a week. TTY/TDD users should call 711.  |
| PA                   | Prior Authorization  | This medication requires that you or your provider get approval from the plan before we will agree to cover the drug for you.   |
| QL                   | Quantity Limit       | Most limits per 30-day supply. If the limit is for a day supply other than 30 the entry will read quantity/day supply (i.e. REVLIMID 28/28 means you can only fill 28 capsules for 28 day supply)   |
| ST                   | Step Therapy         | This requirement encourages you to try less costly but just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B. |

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

The Tier column of the drug list that begins on page 1 tells you which tier your drug is in. The table below tells you the copayment or coinsurance amount (i.e., the share of the drug's cost that you will pay during the initial coverage period) for up to a one month supply of drugs in each tier.

| <b>Tier</b>   | <b>Standard retail-cost-sharing (in-network)</b><br>(up to a 30-day supply)         | <b>Preferred retail cost-sharing (in-network)</b><br>(up to a 30-day supply)        | <b>Standard Mail-order cost-sharing</b><br>(up to a 30-day supply)                  | <b>Preferred Mail-order cost-sharing</b><br>(up to a 30-day supply)                 | <b>Long-term care (LTC) cost-sharing</b><br>(up to a 31-day supply)                 |
|---|---|---|---|---|---|
| <b>Cost-Sharing Tier 1</b><br>(Preferred Generic Drugs) | \$14.90   | \$1.00  | \$14.90   | \$1.00  | \$14.90   |
| <b>Cost-Sharing Tier 2</b><br>(Generic Drugs)           | \$20.00   | \$15.00   | \$20.00   | \$15.00   | \$20.00   |
| <b>Cost-Sharing Tier 3</b><br>(Preferred Brand Drugs)   | 20%   | 10%   | 20%   | 10%   | 20%   |
| <b>Cost-Sharing Tier 4</b><br>(Non-preferred Drugs)     | 32%-42%<br>Please refer to Exhibit 1 for the exact Coinsurance amount in your state | 24%-27%<br>Please refer to Exhibit 1 for the exact Coinsurance amount in your state | 32%-42%<br>Please refer to Exhibit 1 for the exact Coinsurance amount in your state | 24%-27%<br>Please refer to Exhibit 1 for the exact Coinsurance amount in your state | 32%-42%<br>Please refer to Exhibit 1 for the exact Coinsurance amount in your state |
| <b>Cost-Sharing Tier 5</b><br>(Specialty Drugs)         | 27%   | 27%   | 27%   | 27%   | 27%   |

**EnvisionRxPlus** is PDP with a Medicare contract. Enrollment in **EnvisionRxPlus** depends on contract renewal.

**Exhibit 1: Your share of the cost when you get a *one-month* supply of a covered Part D prescription drug for Tier 4 drugs:**

| <b>State</b>   | <b>Standard retail-cost-sharing (in-network) (up to 30-day supply)</b> | <b>Preferred retail cost-sharing (in-network) (up to a 30-day supply)</b> | <b>Standard Mail-order cost-sharing (up to a 30-day supply)</b> | <b>Preferred Mail-order cost-sharing (up to a 30-day supply)</b> | <b>Long-term care (LTC) cost-sharing (up to 31-day supply)</b> |
|----------------|--|---|---|--|--|
| OH             | 32%  | 24%   | 32%   | 24%  | 32%  |
| PA, WV         | 32%  | 25%   | 32%   | 25%  | 32%  |
| CT, MA, RI, VT | 34%  | 25%   | 34%   | 25%  | 34%  |
| SC             | 35%  | 25%   | 35%   | 25%  | 35%  |
| GA             | 36%  | 25%   | 36%   | 25%  | 36%  |
| DC, DE, MD, NC | 39%  | 25%   | 39%   | 25%  | 39%  |
| MI             | 40%  | 25%   | 40%   | 25%  | 40%  |
| NY             | 41%  | 25%   | 41%   | 25%  | 41%  |
| OR, WA         | 42%  | 25%   | 42%   | 25%  | 42%  |
| ME, NH         | 42%  | 27%   | 42%   | 27%  | 42%  |

If you qualified for extra help with your drug costs, your costs may be different from those described above. You can find complete cost-sharing information in your *Evidence of Coverage*.

| Drug Name                                   | Tier | Notes     | Drug Name                              | Tier | Notes      |
