

2017

# Prescription Drug Guide

## Humana Formulary

List of covered drugs

Humana Enhanced (PDP)

Region 2  
States of CT, MA, RI, VT

PLEASE READ: THIS DOCUMENT CONTAINS  
INFORMATION ABOUT THE DRUGS WE  
COVER IN THIS PLAN.

This formulary was updated on 11/07/2016. For more recent information or other questions, please contact Humana at 1-800-281-6918 or, for TTY users, 711, 7 days a week, from 8 a.m. - 8 p.m. However, please note that the automated phone system may answer your call during weekends and holidays from Feb. 15 - Sept. 30. Please leave your name and telephone number, and we'll call you back by the end of the next business day, or visit [Humana.com](http://Humana.com).

**Humana**<sup>®</sup>

# Welcome to Humana!

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

## What is the formulary?

A formulary is the entire list of covered drugs or medicines selected by Humana. The terms formulary and Drug List will be used interchangeably throughout communications regarding changes to your pharmacy benefits. Humana worked with a team of doctors and pharmacists to make a formulary that represents the prescription drugs we think you need for a quality treatment program. Humana will generally cover the drugs listed in the formulary as long as the drug is medically necessary, the prescription is filled at a Humana network pharmacy, and other plan rules are followed. For more information on how to fill your medicines, please review your Evidence of Coverage.

## Can the formulary change?

Generally, if you take a drug that was covered at the beginning of the year, that coverage will not be discontinued or reduced during the 2017 coverage year. However, a formulary may be changed when, for example, a new, more cost effective generic drug or new information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose your plan, except for cases in which you can save additional money or we can ensure your safety.

We'll notify members who are affected by the following changes to the formulary:

- When a drug is removed from the formulary
- When prior authorization, quantity limits, or step-therapy restrictions are added to a drug or made more restrictive
- When a drug is moved to a higher cost-sharing tier

## What if you're affected by a Drug List change?

We'll notify you by mail at least 60 days before one of these changes happens or we will provide a 60-day refill of the affected medicine with notice of the change.

If the Food and Drug Administration decides a drug on the formulary is unsafe or the drug's manufacturer takes the drug off the market, we'll immediately remove the drug from the formulary and notify you if you're taking the drug.

The enclosed formulary is current as of January 1, 2017. We'll update the printed formularies each month and they'll be available on [Humana.com](http://Humana.com).

To get updated information about the drugs that Humana covers, please visit [Humana.com/medicaredruglist](http://Humana.com/medicaredruglist). The Drug List Search tool lets you search for your drug by name or drug type.

For help and information, call Humana Customer Care at **1-800-281-6918 (TTY: 711)**. You can call seven days a week, from 8 a.m. - 8 p.m. However, please note that the automated phone system may answer your call during weekends and holidays from Feb. 15 - Sept. 30. Please leave your name and telephone number and we'll call you back by the end of the next business day.

## How do I use the formulary?

There are two ways to find your drug in the formulary:

### **Medical condition**

The formulary starts on page 10. We've put the drugs into groups depending on the type of medical conditions that they're used to treat. For example, drugs that treat a heart condition are listed under the category "Cardiovascular Drugs." If you know what medical condition your drug is used for, look for the category name in the list that begins on page 10. Then look under the category name for your drug. The formulary also lists the Tier and Utilization Management Requirements for each drug (see page 5 for more information on Utilization Management Requirements).

### **Alphabetical listing**

If you're not sure about your drug's category or group, you should look for your drug in the Index that begins on page 98. The Index is an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed. Look in the Index to search for your drug. Next to each drug, you'll see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of the drug in the first column of the list.

Prescription drugs are grouped into one of five tiers.

Humana covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

- **Tier 1 - Preferred Generic:** Generic or brand drugs that are available at the lowest cost share for the plan
- **Tier 2 - Generic:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 1 Preferred Generic drugs
- **Tier 3 - Preferred Brand:** Generic or brand drugs that the plan offers at a lower cost to you than Tier 4 Non-Preferred Drugs
- **Tier 4 - Non-Preferred Drug:** Generic or brand drugs that the plan offers at a higher cost to you than Tier 3 Preferred Brand drugs
- **Tier 5 - Specialty Tier:** Some injectables and other high-cost drugs

## How much will I pay for covered drugs?

Humana pays part of the costs for your covered drugs and you pay part of the costs, too.

The amount of money you pay depends on:

- Which tier your drug is on
- Whether you fill your prescription at a network pharmacy
- Your current drug payment stage - please read your Evidence of Coverage (EOC) for more information

If you qualified for extra help with your drug costs, your costs may be different from those described above. Please refer to your Evidence of Coverage (EOC) or call Customer Care to find out what your costs are.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These are called Utilization Management Requirements. These requirements and limits may include:

- **Prior Authorization (PA):** Humana requires you to get prior authorization for certain drugs to be covered under your plan. This means that you'll need to get approval from Humana before you fill your prescriptions. If you don't get approval, Humana may not cover the drug.
- **Quantity Limits (QL):** For some drugs, Humana limits the amount of the drug that is covered. Humana might limit how many refills you can get or how much of a drug you can get each time you fill your prescription. For example, if it's normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day. Specialty drugs are limited to a 30-day supply regardless of tier placement.
- **Step Therapy (ST):** In some cases, Humana requires you to first try certain drugs to treat your medical condition before coverage is available for another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Humana may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Humana will then cover Drug B.
- **Part B versus Part D (B vs D):** Some drugs may be covered under Medicare Part B or Part D depending upon the circumstances. Information may need to be submitted to Humana that describes the use and the place where you receive and take the drug so a determination can be made.

For drugs that need prior authorization or step therapy or drugs that fall outside of quantity limits, your health care provider can fax information about your condition and need for those drugs to Humana at **1-877-486-2621**. Representatives are available Monday - Friday, 8 a.m. - 8 p.m.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 10.

You can also visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist) to get more information about the restrictions applied to specific covered drugs.

You can ask Humana to make an exception to these restrictions or limits. See the section "**How do I request an exception to the formulary?**" on page 6 for information about how to request an exception.

## Does healthcare reform impact my coverage?

Since 2011, Medicare has made changes to help with the cost of drugs while members are in the Prescription Drug Plan coverage gap, which is often called the "donut hole." The Centers for Medicare & Medicaid Services (CMS) work with the companies that make prescription drugs and health plans so you receive nearly 60 percent off the cost of many covered, brand-name drugs while you're in the coverage gap. Medicare members who receive the low-income subsidy ("Extra Help") or are covered by a qualified, commercial prescription plan through an employer won't get this discount.

## What if my drug isn't on the formulary?

If your drug isn't included in this list of covered drugs, visit [Humana.com/medicaredruglist](https://www.humana.com/medicaredruglist) to see if your plan covers your drug. You can also call Customer Care and ask if your drug is covered.

If Humana doesn't cover your drug, you have two options:

- You can ask Customer Care for a list of similar drugs that Humana covers. Show the list to your doctor and ask him or her to prescribe a similar drug that is covered by Humana.
- You can ask Humana to make an exception and cover your drug. See below for information about how to request an exception.

Talk to your health care provider to decide if you should switch to another drug that is covered or if you should request a formulary exception so that it can be considered for coverage.

## How do I request an exception to the formulary?

You can ask Humana to make an exception to the coverage rules. There are several types of exceptions that you can ask to be made.

- **Formulary exception:** You can request that your drug be covered if it's not on the formulary.
- **Utilization restriction exception:** You can request coverage restrictions or limits not be applied to your drug. For example, if your drug has a quantity limit, you can ask for the limit not to be applied and to cover more doses of the drug.
- **Tier exception:** You can request a higher level of coverage for your drug. For example, if your drug is usually considered a non-preferred drug, you can request it to be covered as a preferred drug instead. This would lower how much money you must pay for your drug. Please remember a higher level of coverage cannot be requested for the drug if approval was not made to cover a drug that was not on the formulary.

Generally, Humana will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or other restrictions wouldn't be as effective in treating your health condition and/or would cause adverse medical effects.

You should contact us to ask for an initial coverage decision for a formulary, tier, or utilization restriction exception. When you ask for an exception, you should submit a statement from your health care provider that supports your request. This is called a supporting statement.

Generally, we must make the decision within 72 hours of receiving your health care provider's supporting statement. You can request a quicker, or expedited, exception if you or your health care provider thinks your health would seriously suffer if you wait as long as 72 hours for a decision. Once an expedited request is received, we must give you a decision no later than 24 hours after we get your health care provider's supporting statement.

## Will my plan cover my drugs if they are not on the formulary?

You may take drugs that your plan doesn't cover. Or, you may talk to your provider about taking a different drug that your plan covers, but that drug might have a Utilization Management Requirement, such as a Prior Authorization or Step Therapy, that keeps you from getting the drug right away. In certain cases, we may cover as much as a 30-day supply of your drug during the first 90 days you're a member of the plan.

Here is what we'll do for each of your current Part D drugs that aren't on the formulary, or if you have limited ability to get your drugs:

- We'll temporarily cover up to a 30-day supply of your drug when you go to a pharmacy.
- There will be no coverage for the drugs after your first 30-day supply, even if you've been a member of the plan for less than 90 days, unless a formulary exception has been approved.

If you're a resident of a long-term care facility and you take Part D drugs that aren't on the formulary, we'll cover up to a 31-day supply, plus refills for a maximum of a 91-98 day supply of your current drug therapy (unless you have a prescription written for fewer days). We'll cover more than one refill of these drugs for the first 90 days you're a member of our plan. We'll cover a 31-day emergency supply of your drug (unless you have a prescription for fewer days) while you request a formulary exception if:

- You need a drug that's not on the formulary *or*
- You have limited ability to get your drugs *and*
- You're past the first 90 days of membership in the plan

Throughout the plan year, your treatment setting (the place where you receive and take your medicine) may change. These changes include:

- Members who are discharged from a hospital or skilled-nursing facility to a home setting
- Members who are admitted to a hospital or skilled-nursing facility from a home setting
- Members who transfer from one skilled-nursing facility to another and use a different pharmacy
- Members who end their skilled-nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who now need to use their Part D plan benefit

- Members who give up Hospice Status and go back to standard Medicare Part A and B coverage
- Members discharged from chronic psychiatric hospitals with highly individualized drug regimens

For these changes in treatment settings, Humana will cover as much as a 31-day temporary supply of a Part D-covered drug when you fill your prescription at a pharmacy. If you change treatment settings multiple times within the same month, you may have to request an exception or prior authorization and receive approval for continued coverage of your drug. Humana will review requests for continuation of therapy on a case-by-case basis understanding when you're on a stabilized drug regimen that, if changed, is known to have risks.

### **Transition extension**

Humana will consider on a case-by-case basis an extension of the transition period if your exception request or appeal hasn't been processed by the end of your initial transition period. We'll continue to provide necessary drugs to you if your transition period is extended.

A Transition Policy is available on Humana's Medicare website, **Humana.com**, in the same area where the Prescription Drug Guides are displayed.

### **Humana-Medicare.com - Find a Plan**

Need help choosing the plan that's right for you. Go to **Humana-Medicare.com**, enter your ZIP code, and click "Go" to use the online comparison tools. You can learn about your coverage choices, compare benefits, and estimate your yearly costs with various plans. You can also estimate your monthly drug costs and get more information about your drugs.

## For More Information

For more detailed information about your Humana prescription drug coverage, please read your Evidence of Coverage (EOC) and other plan materials.

If you have questions about Humana, please visit our website at **[Humana.com/medicaredruglist](http://Humana.com/medicaredruglist)**. The Drug List Search tool lets you search for your drug by name or drug type.

You can also call Humana Customer Care at **1-800-281-6918 (TTY: 711)**. You can call us seven days a week, from 8 a.m. - 8 p.m. However, please note that our automated phone system may answer your call during weekends and holidays from Feb. 15 to Sept. 30. Please leave your name and telephone number, and we'll call you back by the end of the next business day.

If you have general questions about Medicare prescription drug coverage, please call Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day, seven days a week. TTY users should call **1-877-486-2048**. You can also visit **[www.medicare.gov](http://www.medicare.gov)**.

## Humana Formulary

The formulary that begins on the next page provides coverage information about some of the drugs covered by Humana. If you have trouble finding your drug in the list, turn to the Index that begins on page 98.

### How to read your formulary

The first column of the chart lists categories of medical conditions in alphabetical order. The drug names are then listed in alphabetical order within each category. Brand-name drugs are CAPITALIZED and generic drugs are listed in lower-case italics. Next to the drug name you may see an indicator to tell you about additional coverage information for that drug. You might see the following indicators:

**GB** - Select brand drugs that are covered in the gap

**SP** - Medicines that are typically available through a specialty pharmacy. Please contact your specialty pharmacy to make sure your drug is available.

**MO** - Drugs that are typically available through mail-order. Please contact your mail-order pharmacy to make sure your drug is available.

The second column lists the tier of the drug. See page 4 for more details on the drug tiers in your plan.

The third column shows the Utilization Management Requirements for the drug. Humana may have special requirements for covering that drug. If the column is blank, then there are no utilization requirements for that drug. The supply for each drug is based on benefits and whether your health care provider prescribes a supply for 30, 60, or 90 days. The amount of any quantity limits will also be in this column (Example: "QL - 30 for 30 days" means you can only get 30 doses every 30 days). See page 5 for more information about these requirements.

DRUG NAME	TIER	UTILIZATION MANAGEMENT REQUIREMENTS
<b>ANTI-INFECTIVE AGENTS</b>		
abacavir 300 mg tablet <b>MO</b>	4	QL (60 per 30 days)

## Discrimination is Against the Law

CHA HMO, INC., HUMANA MEDICAL PLAN, INC, HUMANA HEALTH PLAN, INC., HUMANA BENEFIT PLAN OF ILLINOIS, INC., HUMANA INSURANCE COMPANY, HUMANA HEALTH BENEFIT PLAN OF LOUISIANA, INC., HUMANA INSURANCE OF PUERTO RICO, INC., HUMANA MEDICAL PLAN OF UTAH, INC., HUMANA HEALTH COMPANY OF NEW YORK, INC., HUMANA HEALTH PLANS OF PUERTO RICO, INC., HUMANA EMPLOYERS HEALTH PLAN OF GEORGIA, INC., HUMANA REGIONAL HEALTH PLAN, INC. CARITEN HEALTH PLAN INC., HUMANA HEALTH INSURANCE COMPANY OF FLORIDA, INC., ARCADIAN HEALTH PLAN, INC., HUMANA INSURANCE COMPANY OF NEW YORK, HUMANA WI HEALTH ORGANIZATION INSURANCE CORP, HUMANA MEDICAL PLAN OF PENNSYLVANIA, INC., HUMANA MEDICAL PLAN OF MICHIGAN, INC. ("Humana") complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Humana does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Humana provides:

- Free auxiliary aids and services, such as qualified sign language interpreters, video remote interpretation, and written information in other formats to people with disabilities when such auxiliary aids and services are necessary to ensure an equal opportunity to participate.
- Free language services to people whose primary language is not English when those services are necessary to provide meaningful access, such as translated documents or oral interpretation.

If you need these services, call 1-877-320-1235 or if you use a TTY, call 711.

If you believe that Humana has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Discrimination Grievances  
P.O. Box 14618  
Lexington, KY 40512 - 4618

If you need help filing a grievance, call 1-877-320-1235 or if you use a TTY, call 711.

You can also file a civil rights complaint with the **U.S. Department of Health and Human Services**, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

### **U.S. Department of Health and Human Services**

200 Independence Avenue, SW  
Room 509F, HHH Building  
Washington, D.C. 20201

**1-800-368-1019, 800-537-7697 (TDD)**

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>

# Multi-Language Interpreter Services

**English:** ATTENTION: If you speak English, language assistance services, free of charge, are available to you. Call 1-800-281-6918 (TTY: 711).
