

Healthy Foods Card and \$0 Prescription Copays

D-SNP Benefits*

Our Medicare Advantage plans offer members coverage that goes beyond basic Medicare to support their whole health. For individuals eligible for Medicare and Medicaid, our Dual Eligible Special Needs plans (D-SNPs) are newly designed to make Part D prescriptions and healthy foods more affordable!

Starting in 2023, \$0 prescription copays and a healthy foods benefit have been added to our D-SNPs.*

Taking medications as prescribed is critical to member health, and we want to make getting their prescriptions a little easier – and a lot more affordable. Our D-SNPs now offer \$0 prescription copays, all year-long, in all benefit phases! There's no deductible and no copay for all covered generic and brand Part D prescriptions.

Healthy and nutritious food is now within reach with our new healthy foods benefit. D-SNP members automatically receive a prepaid debit card to buy healthy foods at certain retailers, both in-store and online. No prior authorization or referral is needed. The debit card is prepaid with a set amount of funds to be used each month (\$25 or \$50, varying by plan). Any unused funds will not carry over into the next month.

\$0 prescription copays and healthy foods benefits are just some of the ways our Medicare Advantage plans and supplemental benefits support our members' whole health. For more plan and benefit information, see the plan's Evidence of Coverage.
