UnitedHealthcare Mobile App The app that helps you use your benefits!

Getting started!

Members can download the mobile app by going to the Apple app store or Google Play on their phone or tablet and searching "UnitedHealthcare" or by scanning the QR code below.

How to register

New members who haven't created an online account should choose "Create Account"

- · Select the Medicare or Medicaid option.
- Members with a UnitedHealthcare UCard[™] should choose to register manually as the camera option will not read the Ucard.
- Enter first name, last name, date of birth, zip code and plan member ID.
- Follow the steps to verify identity.
- · Finalize username and password.
