

This Commission Schedule (hereinafter, this "Schedule"), is attached to and made a part of the Associate Agreement between Loyal American Life Insurance Company (Loyal) and the Agent. All capitalized terms herein shall have the meanings ascribed to them in the Associate Agreement. Loyal may modify this Schedule after giving Agent the advance written notice required by state law or ten (10) days' advance written notice in states where no such advance written notice period exists. Agent shall receive compensation in accordance with the terms of the Associate Agreement and this Schedule as noted below.

- Loyal shall pay Agent the compensation described above on premium received and accepted by Loyal for issued policies solicited by Agent on or after the effective date of this Schedule subject to the terms and conditions of the Associate Agreement and this Schedule. Commissionable Premium is the policies original issue gross premium less any discounts or reductions including, but not limited to the Household/Spouse discount, and less the premium designated to cover the Part B Deductible if applicable to the plan purchased. Commissionable premium can never exceed the premium actually billed and received by the Company. Commissions are not payable on the Enrollment Fee or the premium that is attributable to the Part B deductible in Plans C & F, unless state requirements differ. All Medicare Supplement policies, based on guaranteed issue requirements of the Balanced Budget Act, will receive 2% in years 1 – 6 (unless state requirements differ) for the writing agent only, or as shown on the schedule.
- Should you recruit and appoint any subagents, your compensation on business written by them will be reduced by any amounts that would be paid to those contract levels. In order to receive compensation (override commissions) on any subagent, you must have a resident or non-resident license in any state where the subagent writes business if the state has so mandated.
- Compensation is expressed as a percentage of premium received by Loyal. Compensation for the first policy year is first year commissions. Compensation is renewal commissions beginning in the policy year two, except as otherwise noted. For all Supplemental Health policies with the exception of Choice Accident, commissions on internal policy replacements, exchanges and conversions will be compensated according to Loyal guidelines in effect at the time the policy is written. For Choice Accident, commissions on internal policy replacements from Accident Treatment to Choice Accident will be compensated at the new premium level based on policy year of the coverage being replaced. Internal Replacement commissions will be paid on the lesser of the replaced policy's Commissionable Premium or the new policy's Commissionable Premium. The commission rate applied to the Commissionable Premium will be based on the replaced policies effective date and coverage year. Internal Replacement commissions will only be paid to the original Writing Agent of the policy replaced. Policies are not considered to be internal replacements if there is a lapse in coverage greater than 31 days.
- All of the following apply, unless state requirements differ: Policy fees, any other fees, and/or premium rate-ups and renewal increases are non-commissionable; no commissions shall be paid on underwriting or substandard premium rate-ups or renewal premium increases; commissions are paid on the initial premium only and are not paid on any increase in premium due to age change or plan wide rate increases; and, premium reductions will affect the initial premium accordingly.
- COMMISSION STATEMENT – Statements are generated bi-weekly that report commission for the bi-weekly period as well as other monetary transactions between you and Loyal. The bi-weekly transactions are summarized to obtain a total net balance. When total commissions exceed all amounts due to the Company for the statement period, the excess will be paid to you. When commission chargebacks, interest, negative advances and negative commissions exceed commissions earned, the commission statement total is called a debit balance. A debit balance is the total amount you must repay to LOYAL. The Debit balance are is carried over to your next bi-weekly commission statement until such balance is fully paid.
- This Commission Schedule applies only to the products listed for so long as the Agreement remains in effect. Loyal reserves and shall have the right, at its sole option and discretion, to adjust and change the commissions at any time. This Commission Schedule and any commissions payable hereunder may be modified by Loyal, in its sole discretion, upon written notice to the Agent which may be contained in any Company Field Bulletin or other written communication to Agent.
